## ABOUT THE EXHIBIT

*My art is an imitation of life. [The Sculptures] do many things; they can warm up ... a park or public space and they invite people to come into that space, so that they don't feel quite alone. They also make good neighbors — they don't make a lot of noise.*

*Realism has the capacity to reach everyone; there is no age barrier, no culture barrier. As the breadth of communication expands, so does the potency of a particular work”.*

# SEWARD JOHNSON

## BIOGRAPHY

Following an early career as a painter, Seward Johnson turned his talents to the medium of sculpture. Since then, more than 450 of Johnson's life-size cast bronze figures have been featured in private collections and museums in the United States, Canada, Europe and Asia, as well as prominent places in the public realm such as Rockefeller Center, Pacific Place, Hong Kong, Les Halles in Paris and Via Condotti in Rome

Seward Johnson is most widely known for his sculptures depicting people engaged in every day activities. Johnson's desire to highlight the mundane in his *Celebrating the Familiar* sculpture series has brought a unique voice to the world of art in public spaces.
